

SPANISH BLUSH

SUNNY PINK WINE

A rosé wine with a rich flavor and with a colour as bright as a flight of dragonflies...

Only the best grapes were sourced from the oldest vines in the heart of sunny Castilla La Mancha from selected vineyards based on temperature records, humidity, altitude, disease frequency, soil and orientation.

The fully matured grapes were handpicked in the beginning of October during the early morning hours to arrive fresh at the winery. After destemming and crushing, the grapes macerate for a very short period of time. In order to obtain vibrant aromas, freshness and light colour, only free run juice is used for Spanish Blush, no press wine. The juice is then gently fermented in temperature controlled stainless steel tanks at low temperatures.

This is a gorgeous sunny pink wine, very fruity with aromas of sexy sweet red berries and great freshness on the palate. Easy to understand and drink, yet never boring. This is the perfect rosé to drink on many occasions, just on its own, or with pastas, pizzas, salads...
